

ALLERGEN GUIDE Updated November 2025

The information below details which of the most common allergens are present in each menu item. Note this does **NOT** include which items may have been made in a facility with the allergen. Because items cooked in our fryer or on our grill may come in contact with all allergens, we have identified those for you. Unless noted, information excludes accompaniments, dressings and dipping sauces, which are shown separately.

KEY TO THIS GUIDE	PREPARATION		COMMON ALLERGIES										OTHER	OTHER	
- Menu item presents a risk of cross-contact of all allergens due to cooking method - Menu item contains this specific allergen - Ask for our Gluten Sensitive Guide; this item can be modified to remove gluten	Grilled	Fried	Peanuts	TREE NUTS	SOY	EGG	DAIRY	FISH	SESAME	SHELLFISH	WHEAT	GLUTEN* contains gluten ingredients		MSG	SULFITES
